Re: United States v. Salas, S1 07 Cr. 557 (JGK)

Dear Judge Koeltl:

The Government respectfully requests an extension of four business days (to August 12, 2008) within which to file its response to the Court's August 4, 2008 Order (signed by the Honorable Richard J. Sullivan, Part I) directing the Government to submit to the Court the monitoring logs maintained in connection with the Salas and Casanova Cellphones, including a breakdown of the number of intercepted calls that were less than two minutes in length and the number of intercepted calls in which the participants spoke in a foreign language, among other things.

Government counsel assigned to this case received the Court's August 4, 2008 Order on the morning of August 6, 2008; the Order was faxed to a general number at the U.S. Attorney's Office after the close of business on August 4, and it was then routed through the U.S. Attorney's Office's inter-office mail. (For the Court's information, the best fax number for Government counsel on this case is 212-637-0097.)

The Government has left voice mail messages for Messrs. Robin and London, counsel for Salas, requesting their consent to this request for an extension. Although Messrs. Robin and
